

PROFIMAX

WHEELBARROWS

Aluminum version

Wheelbarrow aluminum

Profimax, M-15-ALU-RED-L4 BLOCK, wheelbarrow with HDPE-tray.

- Aluminum wheelbarrow, lighter, just as strong as a steel version.
- Vacuum drawn plastic tray 7 mm thick (HDPE material, red).
- Very low extension of the tray on the sides.
- During use top of tray remains almost horizontal.
- Extremely durable, robust and lightweight and ultra-violet resistant.
- A stable aluminum frame of oval tube with continuous legs that are wide stand out for high lateral stability.
- Extra support for the tray.
- Solid aluminum nose ring for protection and support.
- The wrist is straight and no longer kinked when turning.
- Natural rubber handle ergonomically shaped to the hand with knuckle protection.
- 4ply pneumatic tyre, steel rim with high-quality double-sealed ball bearings.
