

LABEL DISPENSER

**M-LABEL-
DISPENSER**

Label dispenser

Label dispenser metal, for professional use.

Robust durable design. For multiple rolls of labels next to each other.

This stable, gray label dispenser can be placed on the table or workbench, if desired, be fixed by means of the screw holes. (1)

This label dispenser can also be hung on an edge, if desired attached by means of the screw holes. (2)

The label dispenser can also be screwed to the wall (3).

This makes it easy and quick to grab a tag or label with one hand without tearing it.

An additional advantage is that the reels are in a central place, so searching is a thing of the past. Several rolls of different widths fit in this label dispenser.

Finished with durable gray powder coating (no solvents, less harmful to the environment).
